CITY AND COUNTY OFFICIAL PAPER

A fashion paper says corsets will
come higher next season. In length
or price, please?

To date, E. C. Brice, the "gold mak-
er," has been unable to satisfactorily
show the United States government
authorities that he can make gold
and silver at will.

The eastern papers are talking
about a girl back there who is slowly
turning to stone. The rumor was
perhaps given a start by some young
man saying she had given him the
marble heart.

Alabama is entitled to the banner
for stories related as the result of the
late hot weather, as they claim that
in that state corn was parched on the
cob on the stalk in the field, and seven
chickens were hatched out in one box
of eggs passing through Montgomery.

The Los Angeles Mining News is a
recent journalistic venture in the An-
gel City. It gives all the mining news
and daily transactions on the Los An-
geles Exchange, devoting considerable
space to Arizona mining development.
The News has a good field and ably
espouses the leading industry in the
southwest. We wish it success.
